

Welcome to Thompson Oncology Group. We look forward to seeing you at your scheduled appointment.

Our practice is growing and time with our providers is highly valued. We understand that sometimes things happen and patients need to change an appointment time. However, we encourage you to prioritize this time we have reserved for you to discuss your oncology or hematology diagnosis and treatment plan with our providers.

We require that you confirm your appointment at least two full business days prior to your scheduled appointment date. If you do not confirm your intent to attend at least two full business days before the date of your appointment, your appointment will automatically be cancelled.

Cancelling unconfirmed appointments allows us to offer that time to another patient waiting to see our providers. If your appointment is cancelled, you will be notified and you can call the office at 865-331-2060 to reschedule. You will be given the next available appointment time.

We will do all we can to remind you of your appointment. You will receive communications from our office beginning five business days prior to your appointment. Confirming your appointment should be easy and you can confirm in several different ways:

- You can speak with a Patient Access team member on the phone.
- You can leave a voicemail for the Patient Access team.
- You can respond to the text reminder when you receive it.

Thank you in advance for understanding the importance of confirming and attending your appointment. We look forward to being your preferred oncology and hematology providers.

APPOINTMENT CANCELLATION AND NO-SHOW POLICY ACKNOWLEDGEMENT

We schedule our appointments so that each patient receives the right amount of time to be seen by our physicians and staff. To avoid disrupting your care and the care of others, it is very important to keep your scheduled appointment with us and arrive on time.

As a courtesy, and to help you remember your scheduled appointments, we send reminders via phone call or text message 2 days in advance of your appointment. If you do not receive these reminders, please let us know so we can ensure we have your correct contact information.

If your schedule changes and you cannot keep your appointment, please contact us so we may reschedule you and ensure another patient is able to benefit from your appointment time. We ask that you please give us at least a 24 hour notice when cancelling your appointment; however, the sooner we know you will not be making it the better able we are to ensure another patient can be seen by their physician more quickly.

If you do not cancel or reschedule your appointment with at least 24 hour notice, we may assess a \$35.00 “no-show” service charge to your account. This “no-show charge” is not reimbursable by your insurance company and you will be billed directly.

After the third “no-show” in a calendar year, your doctor and the office manager will review the circumstances of the “no-shows” and may decide to refer you elsewhere for your care.

*I understand the “no-show” policy of Thompson Oncology Group and agree that my account may be charged \$35.00 for any no-show of a scheduled appointment. I understand that I must cancel or reschedule any appointment at least 24 hours in advance in order to avoid a potential no—show charge. I further understand that if I “no-show” 3 times in a calendar year, I may be discharged from Thompson Oncology Group to receive treatment and follow up care elsewhere.**
