Please note the following information:

- ◆ Nanny's does not assign numbers to people on the waiting list. Applications are kept in order of application date. Application date is based on the date the application fee of \$40 is received.
- ◆ Siblings of children enrolled at Nanny's have first priority on the waiting list.
- ◆ If your child is not yet born when you get on the waiting list, it is the sole responsibility of the parents to contact Nanny's when the child is born. Spaces will not be offered to anyone if confirmation of birth has not been given.
- ◆ If your contact information changes at any time, please provide us with the new information.
- ◆ When a space becomes available, the next person on the list will be contacted regardless of schedule available or schedule requested. You will be given two business days to respond with acceptance or declination.
- ◆ All immunizations required by the Knox County Health Department must be current upon the first day of enrollment and remain up to date for continued enrollment. No exceptions allowed.
- ◆ Nanny's is a group care environment. While we try to individualize our program as much as possible, we must comply with the regulations set forth by the State of Tennessee. At the age of 13 (thirteen) months, children will begin following a classroom schedule. Nanny's begins potty-training after the child's second birthday in order to have the child trained by their third birthday.
