

Named in honor of a beloved Sevier County physician and minister, the Dr. Robert F. Thomas Foundation, part of Covenant Health's Office of Philanthropy, is a not-for-profit charitable organization established in 1983 to help expand the range and quality of health care services available in Sevier County. Dolly Parton, one of the many babies Dr. Thomas delivered, serves as honorary chairperson of the Foundation. The Foundation solicits contributions from individuals, businesses, and charitable foundations to support Covenant Health LeConte and improve the health of those who live and work in Sevier County.

***All proceeds benefit the patients and families served by LeConte.***

Covenant Health LeConte is a member of Covenant Health, the area's premier healthcare delivery system. The full-service, not-for-profit hospital delivers modern medical care and compassionate treatment to the growing Sevier County community. LeConte offers a full range of health services, including top-tier specialists, a modern ER, and a beautiful Women's Center. To learn more, please visit [LeConteMedicalCenter.com](http://LeConteMedicalCenter.com).

Personalized service, advanced technology and relaxed surroundings are just some of the reasons why women choose to have their mammograms at the LeConte Comprehensive Breast Center.

Our hometown facility has a complete multi-disciplinary program, offering a full spectrum of high quality clinical and support services that are often only found in larger cities.

- Quality care from screening to recovery
- 2D and 3D mammography
- Stereotactic breast biopsy accredited by the American College of Radiology
- Breast ultrasound and ultrasound-guided breast biopsy
- Breast MRI
- Bone densitometry
- Combined 100+ years of experience for mammography team
- Certified patient navigators, designated trained professionals who help ensure patients receive timely diagnosis, treatment, support and education

The LeConte Comprehensive Breast Center is designated a Breast Imaging Center of Excellence by the American College of Radiology (ACR).

## Donna Roland, breast cancer survivor

A long-time resident of Sevier County, Donna Roland regularly seeks care at Covenant Health LeConte, including visiting the LeConte Comprehensive Breast Center for her annual screenings. After a routine mammogram, she was called back for an ultrasound and

biopsy. Diagnostic tests revealed two tumors in her left breast, and she knew surgery was in her future.

"I believe it was a 'God Thing' from the get-go," she says. "I needed more tests and consultations. It just so happened that all the specialists were in the office and could see me quickly."

Her message to the community is simple and encouraging: "Get a mammogram. Whatever situation you're in, just know that it's not hopeless. You can get through it, and there is hope to be found."

## Our Mission

Paint the Mountains Pink's mission is to spread the word about the importance of mammography and early detection, to educate the community that mammograms truly save lives, and to provide screening mammograms for those who cannot otherwise afford them.

## Mammograms save lives. Did you know?

- 75% of women diagnosed with breast cancer have no family history and are not considered high risk
- 1 in 6 breast cancers occurs in women between the ages of 40-49
- Even for women 50+, skipping a mammogram every other year would miss up to 30% of cancers
- 2 out of every 100,000 men will be diagnosed with breast cancer
- In Sevier County, 21% of women are uninsured, one of the highest rates in Tennessee
