

# Affiliated Office Powerchart Orders Instructions

# Accessing the Covenant Health PowerChart

- 1 Visit [www.covenanthealth.com](http://www.covenanthealth.com) in your web browser, scroll to the bottom of the page and click on the "Physician Resources" link.
- 2 From the Physician Resources page, locate the box for "Covenant Secure Gateway..." and click the link for "Access using Microsoft Authenticator"
- 3 Sign in using your Covenant login **appended with @covhlth.com** and enter your Covenant password. Approve the sign-in request using the Microsoft Authenticator app on your smartphone. *(Initial setup on next page)*
- 4 Choose the CovMD & eCare icon. *(Note: If the icon is not on your home screen, click APPS and click on the star)*
- 5 Choose eCare Applications PowerChart icon.
- 6 Log into Cerner Citrix with your Covenant login **without @covhlth.com** and Covenant password.
- 7 Click on PowerChart ("P" icon).

The collage illustrates the steps to access Covenant Health PowerChart:

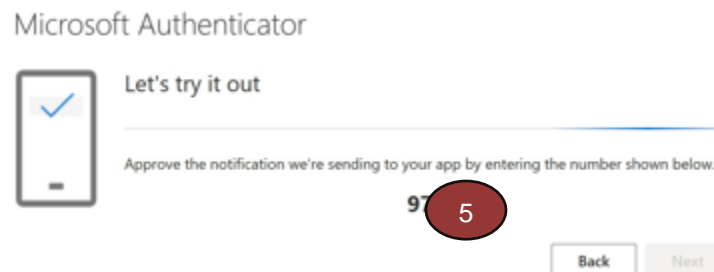

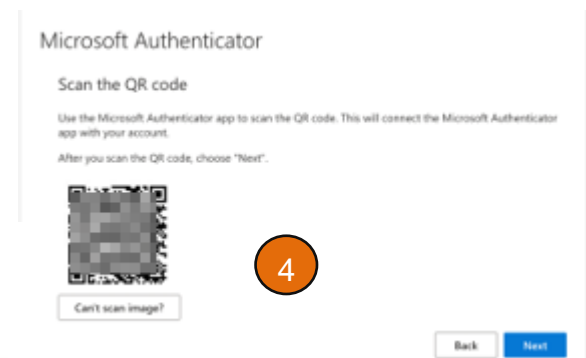

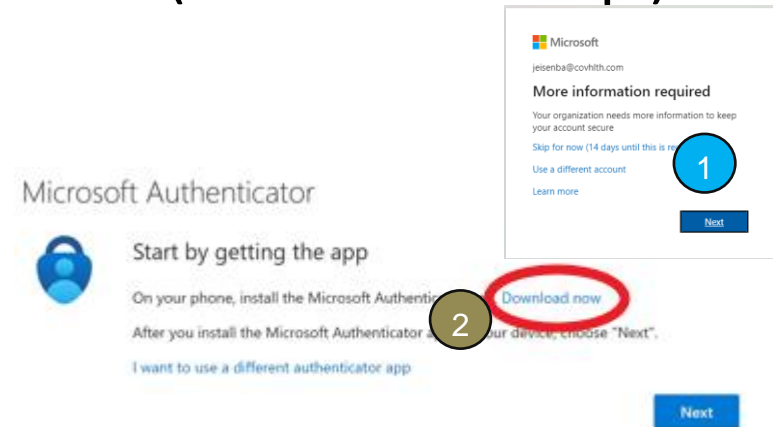

- Step 1:** Covenant Health website. The "Physician Resources" link is highlighted in the "Additional Resources" section.
- Step 2:** "Covenant Secure Gateway" box. The "Access using Microsoft Authenticator" link is highlighted.
- Step 3:** Microsoft Sign in page. The username field is filled with "username@covhlth.com".
- Step 4:** Microsoft Authenticator app. The "Approve sign in request" screen is shown.
- Step 5:** "CovMD & eCare" icon on the home screen.
- Step 6:** "eCare Applications PowerChart" icon.
- Step 7:** Cerner Citrix login page. The "PowerChart" icon is highlighted.

The bottom of the collage shows a row of application icons: ccessHBM, P0665 AppBar, P0665 Firstnet, P0665 IssueCollector, P0665 Millennium Apps Folder, P0665 MTA, P0665 PowerChart (highlighted with a "7" in a circle), P0665 Report Request, and P0665 RevenueC.

# Microsoft Authenticator (Initial Setup)

From Step 3 on previous page, enter your Covenant login **appended with @covhlth.com** and enter your Covenant password. First time access (Initial Setup):

- 1 Click "Next" on the "More Information Required" screen.
- 2 Click "Download Now" on the "Start by getting the App" screen. Install the Microsoft Authenticator app on your smartphone by using the QR code provided for your phone type. If prompted, allow notifications.
- 3 ON YOUR PHONE, Open the app, click the three dots in the upper right-hand corner, and choose 'add account' and then 'Work or school account.' Choose "Scan a QR code".
- 4 ON YOUR COMPUTER, click "Next" to bring up a QR code. Scan the code on your computer monitor using the authenticator app. This account will then be added to your authenticator app. Click "Next"
- 5 The "Let's Try it Out" screen will display a two-digit number. Enter that number on the notification screen displayed on your phone. Click next on the "Approved" screen and click "Done" on the Success screen.

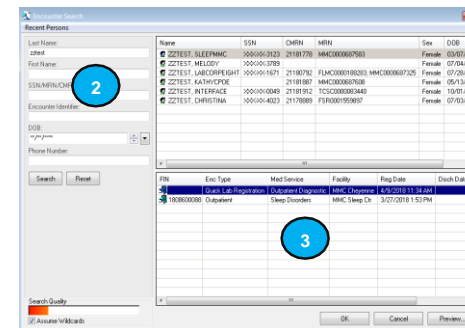

# Finding a Patient

Opening a patient's chart can be accomplished multiple ways: Searching for patient, locating them on a patient list (if applicable), or locating them on ambulatory organizer (if applicable). The last nine opened charts will be available for quick access under the "Recent" dropdown next to the search field. For purposes of this training, we will explain the searching for a patient method as follows:

- (1) Click the magnifying glass to open the Encounter Search box.
- (2) Enter the search criteria for the patient on the Encounter Search screen.
- (3) Choose the correct encounter and click OK.

*When exiting PowerChart, please use the Exit Door on the toolbar.*

# Home Screen

Ambulatory Organizer is the Home Page. It displays the surgery schedule for the selected Provider.  
Use the “Date” and “Patient’s For” selection to manipulate your screen results.  
Patient’s charts can be opened by double-clicking the patient’s name.

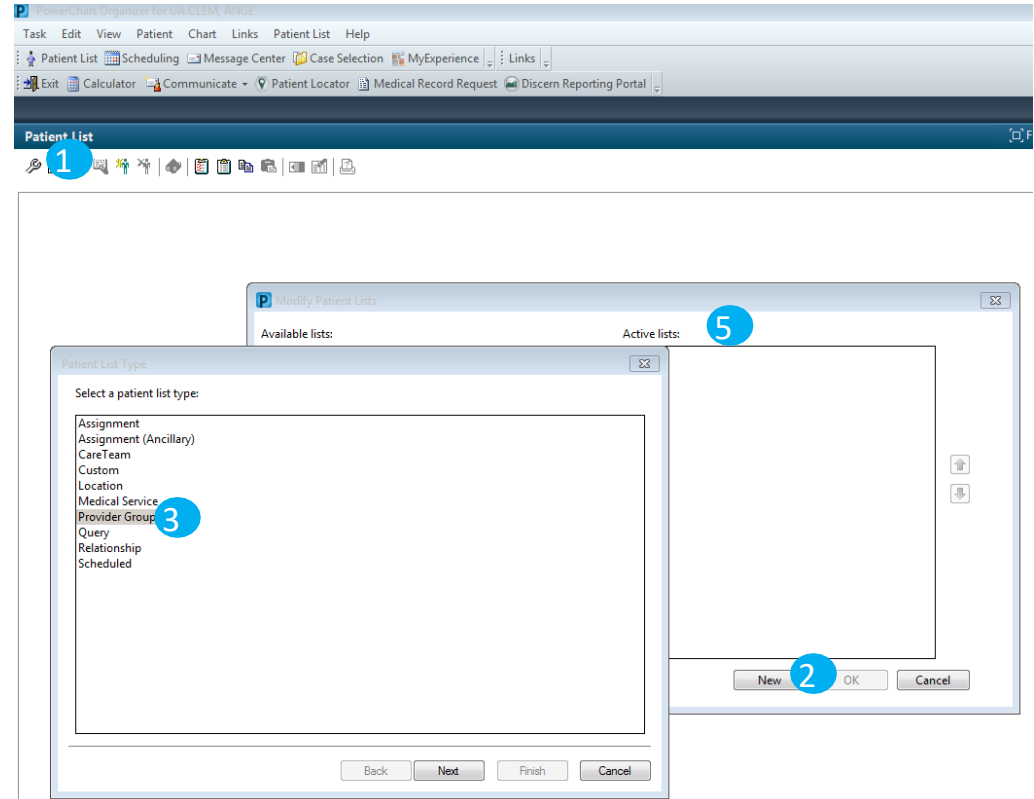

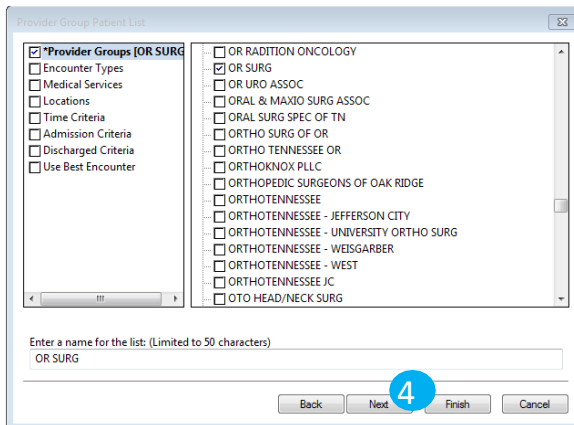

# Patient List

If you have access to Patient List, it will be accessible on your Toolbar.

1. Use the “List Maintenance” icon to create your list.
2. Select “New” to create your list.
3. Select “Provider Group” as your type of list. Click Next.
4. Choose your Provider Group and click Finish.
5. Move your Group from the Available List to the Active List and click OK.

Patient’s charts can be opened by double-clicking the patient’s name.

# Chart Views

Affiliated Summary and Demographics are the views for the chart and for patient information.

# Orders View

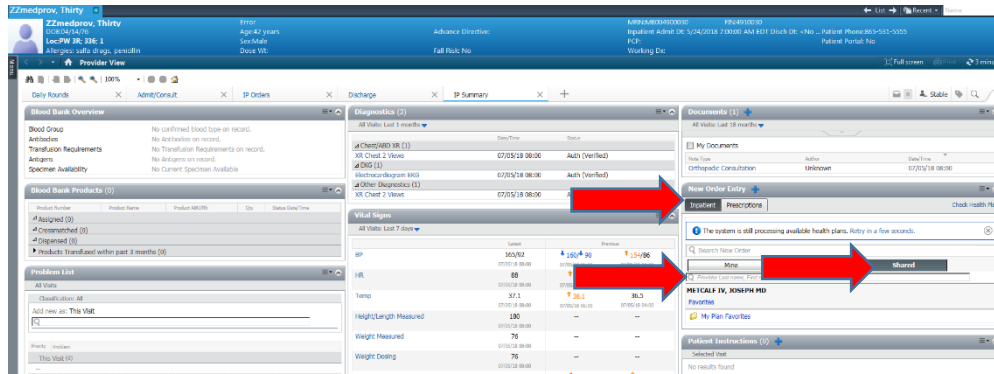

If your provider does not have Favorite PowerPlans, you can search generic powerplans by specialty (Surg, Card, Ortho, OB, etc) then modify those orders accordingly.

The screenshot displays the Covenant Health Orders View interface. The top navigation bar shows the patient's name, ZZTEST, KATHYPOE, and various clinical details. The left sidebar contains a menu with options like Ambulatory View, Documentation, Orders, Medication List, and Suggested Plans. The main content area is divided into sections for Diagnostics & Problems, Orders, and Suggested Plans. A search box in the Diagnostics & Problems section is highlighted with a red circle, showing the search results for 'surg'. The search results list various surgical procedures, including 'SURG Gen Admit', 'SURG Gen Planned Surgery Admit', 'SURG Gen Same Day Discharge', 'SURG Gen Unplanned Surgery Admit', 'Surg Tx of Anal Fistula (Fistulotomy/Fistulotomy): Subcu 46270', 'Surg Ventricular Restoration Procedure, Incld Prosthetic Patch, When Performed 33548', 'Circumcision, Surg Exc Other Than Clamp, Device, or Dorsal Slit; Older Than 28 Days of Age 54161', 'Endoscopy, Surg, Including Video-Assisted Harvest Vein(s) For Coronary Artery Bypass Procd 33508', 'Laparoscopy, Surg Prostatectomy, Retropubic Radical 55866', 'Laparoscopy, Surg, Appendectomy 44970', 'Laparoscopy, Surg, Colostomy or Skin Level Cecostomy 44188', 'Laparoscopy, Surg, Colopexy (Suspension of Vaginal Apex) 57425', 'Laparoscopy, Surg, Enterolysis (Freeing of Intestinal Adhesion) 44180', and 'Laparoscopy, Surg, Esophagogastric Fundoplasty (Eg, Nissen, Toupet Procedures) 43280'. The interface also includes a 'Diagnosis & Problems' section with a table for 'Diagnosis (Problem) being Addressed this Visit' and a 'Problems' section with a table for 'Problems'. The bottom of the screen shows a 'Details' section with tabs for 'Dx Table' and 'Orders For Nurse Review'.

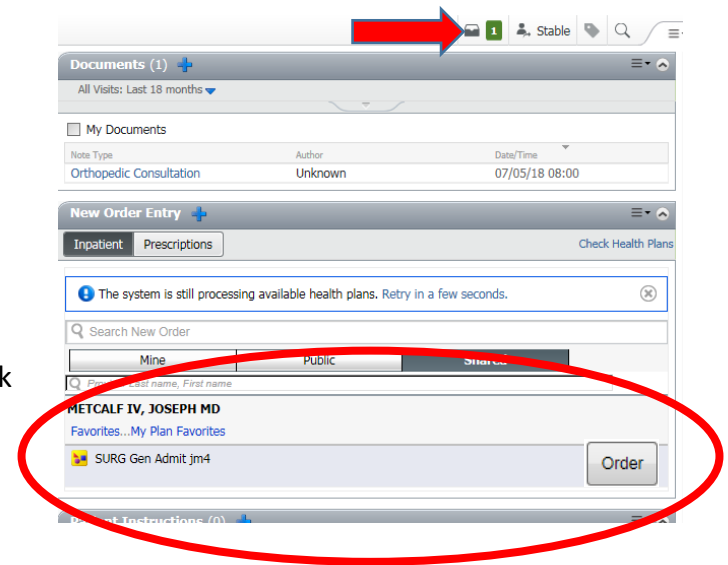

# Ordering Favorite PowerPlans

In the New Order Entry component, select “Inpatient” and “Shared” then search for your provider in the searchbox under Shared.

Their name and favorite plans will appear, choose the plan, click Order, then click the “shopping cart” box at top of screen.

# Placing Orders

Select the provider for which the proposed orders will route to their Message Center.  
Select Modify in the Orders for Signature screen.

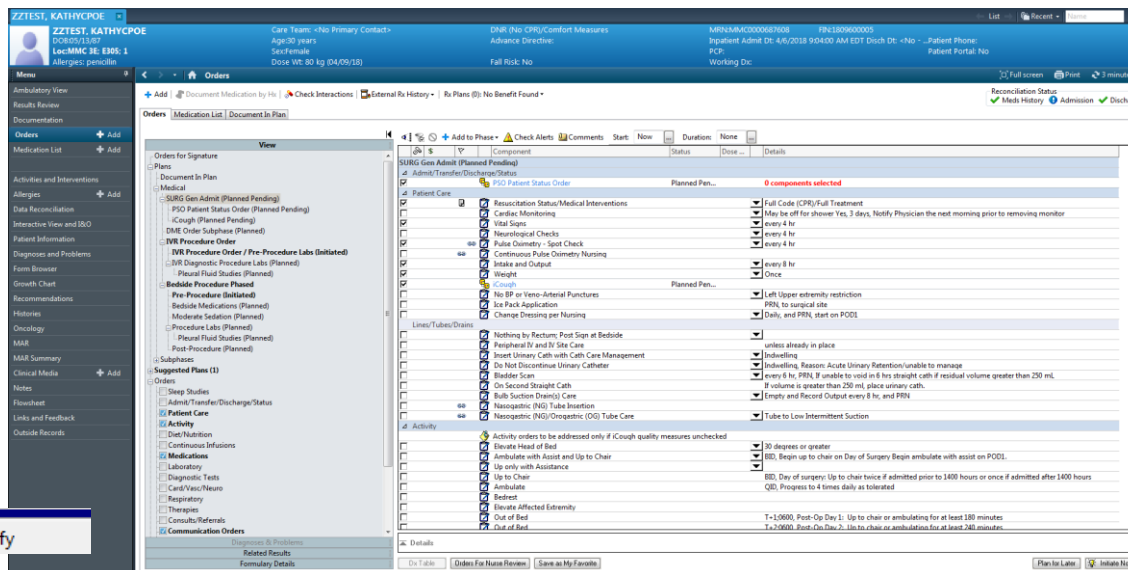

Orders for Signature (1)

Surgical Orders are multiphased PowerPlans. Address all phases of the PowerPlan, placing checkmarks by those orders to place.

Orders can be added by clicking “Add to Phase” and searching for individual orders.

Any order with a  will need to be modified to answer additional information. Right click the order to modify.

Click “Orders for Signature”, then “Sign”

# Proposed Orders: Provider Workflow

The screenshot displays the PowerChart Organizer for Cerner Test, Physician - Hospitalist Cerner. The interface includes a top menu bar with options like Task, Edit, View, Patient, Chart, Notifications, Inbox, and Help. Below this is a toolbar with various icons for actions such as Provider Handoff, Message Center, Patient List, Quality Measures Summary, Suspend, Exit, Calculator, Communicate, Patient Education, Add, Patient Pharmacy, and UpToDate. The main window is titled "Message Center" and shows a search bar for "ZZTEST, ASHLEIGH" with a "Recent" dropdown and a search icon. The left sidebar contains a navigation pane with sections: Inbox Summary, Inbox (with sub-items: Results FYI, Documents (1/3), Orders (13/14), Cosign Orders (13/13), Proposed Orders (0/1), Messages), Work Items (3), and Notifications (Notify Receipts, Trash, Sent Items). The main content area is titled "Proposed Orders" and "Order Proposal: ZZTEST, ASHLEIGH". It features a patient information header with fields for Name, DOB, Age, Sex, MRN, Allergies, Dose, Advance Directive, Code Status, Isolation, Care Team, HealthLife, Clinical Trial, and Observation FIN. Below this is a section for "Proposed New Order: CBC w/ Automated Differential" with details: "Blood, Routine, 06/12/17 16:01 EDT, Once". A comments box is present, and the order is proposed by "Cerner Test, Ambulatory - MA Cerner On 6/12/2017 16:02 EDT". At the bottom right, there are buttons for "Reject All and Next" and "Accept All and Next".

Patient's Blue Banner Bar displays the Chosen Patient Information.

The menu bar on the left side contains components of the chart to view/print.

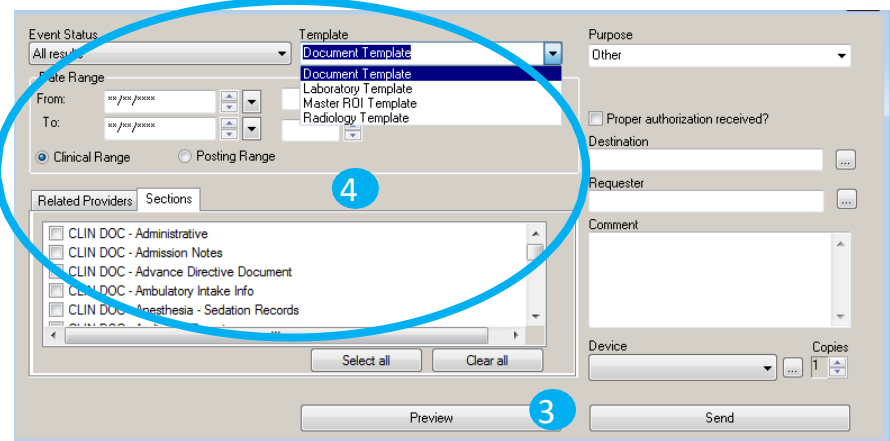

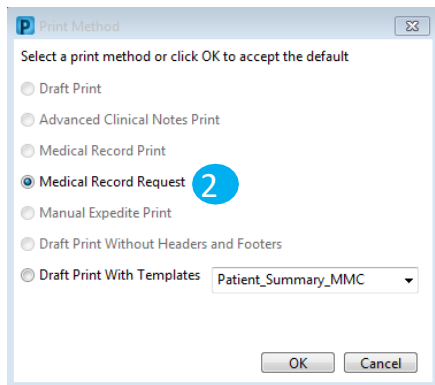

- Notes, Documentation and Results Review contain components of the chart that can be viewed/printed. *Where applicable, the gray bar can right-clicked to allow for refining search criteria as well as choosing radio buttons of table, group or list.*

- Links and Feedback contains the link to Sovera as well as the STAR Facesheet link.
- Insurance cards can be located via "Patient" on the toolbar and clicking "View Images".

# Printing

1. Some printing, such as with lab results or orders” can be accomplished by selecting your criteria on the screen, and then clicking the “Print” icon on the Patient Blue Banner Bar.
2. If the “Print” icon is not available, you can print your selection by right clicking the document of choice and choosing Medical Record Request.
3. For the Medical Record Request, click OK, then select your appropriate template (if not preselected) and click Preview. When the preview generates the report you can select to print it.

4. Another option for printing is via the “Medical Record Request” on the toolbar and choosing your template, date range, and sections to print. Choose Preview and when the preview generates the report you can select to print it.

# Viewing PACS Images

Radiology reports can be opened by double-clicking the report in the Results Review window. To View PACS images, click the “projector screen” icon on the Radiology Report.

Radiology reports can also be opened by clicking Links and Feedback and Change Healthcare PACS “View Studies”.
