

Artist Information

Artists working with a variety of media are invited to apply to participate in Artsclamation! each year. Members of the Artsclamation! jury then review applications and select artists to invite to the show.

Approximately 50 artists including painters, photographers, jewelers, fiber artists, woodworkers and sculptors participate in each year's show. A percentage of each artist's sales is donated to Peninsula.

One artist is selected each year as Featured Artist for the show. A Featured Piece, created by that artist, is donated to Peninsula, used in promotional materials for the event and sold at the Preview Party.

Artists can apply online by visiting:
Artsclamation.com

About Peninsula

Peninsula, a division of Parkwest Medical Center, sets the standard for effective, innovative and caring mental health services in East Tennessee, helping thousands of people recover from their disorders and dependencies to lead healthy, positive and productive lives.

Peninsula Hospital is a 155-bed facility providing inpatient mental health crisis stabilization services for adults, adolescents and children. Peninsula Outpatient Centers, located in several East Tennessee counties, offer a number of outpatient mental health services, and Peninsula Lighthouse offers mental health and alcohol/drug programs.

Additionally, the Senior Behavioral Health Center at Parkwest is a 16-bed unit providing evaluation and treatment for individuals over age 55 requiring 24-hour psychiatric stabilization and/or medical intervention.

Peninsula offers a broad range of services designed to support successful and fulfilling recoveries by patients and their families. Our goal is to help each individual achieve and maintain a higher level of functional independence at home, school, work and leisure.
